Questions: email Mr. Whitnah at: gwhitnah@seq.org

input parent and student data at **mabears.org/calculusdatabase**

The Lottery (if necessary)

1. All “A” students in Pre-Calculus will be accepted before “B” students in Pre-Calculus are enrolled. If we have more “A” students than we can enroll, we will have a lottery among “A” students.
2. If we still room after all “A” students are enrolled, we will have a lottery for the remaining spots for the “B” students.
